

The Willington Conservation Commission presents:

A Star Gazing Party

January 25th (Sun.), 6:00 pm – 8:00 pm in Park Upper Hayfield

with Paul Pribula

Please join local amateur astronomer Paul Pribula for a free guided tour of the early night sky. Dress warm for the mid-winter weather, bring a flashlight and binoculars if you have them, but most important bring your curiosity about the stars and planets. Telescopes will be set up for your viewing pleasure.

We will meet in the hayfield located just to the north of the Fenton Ruby Park parking lot.

All adults and children welcome to this free event. Spend a minute or spend an hour, just come on down for a telescopic view of the star filled heavens. Heavy clouds or precipitation cancels the event, so root for clear skies!

Call Chris at 429-8384 for more information.
