c. CERC update

Rich Mindek gave members an update on the proposal and presentation he made, along with Courtney Hendricson from CERC, to the Board of Finance on February 21, 2019. The proposal was well received by the BOF but there was needed follow up with CERC to try and negotiate a lower contract for services they'll provide the town as an economic development director. There was some discussion that followed.

d. C&S update

Liam Keefe provided us copies of drawings and renderings from a retired professor at Uconn, showing the potential and proposed ideas for developing different areas of the town. It was discussed and again decided that we would wait on more funding for CERC before we move forward with any ideas or plans.
