Please welcome the Town of Willington’s Newest Employee!

Olivia Balloveras
Assistant Director of Parks & Recreation

Welcome Olivia!
We wish you a long and happy career with the Town of Willington!
Dear Willington Residents,

Happy New Year! On behalf of the Board of Selectmen, I would like to thank all of our residents who voted in the recent municipal election on November 5th. I am honored to have been reelected your First Selectwoman, along with Liza Makuch and John Blessington as Selectmen. The three of us are committed to working hard for all Willington residents. The Board meets on the 1st and 3rd Monday of the month at 6:30 p.m. at the Town Office Building. Our meetings are open to the public and all are welcome to join us. By now, the many new and reelected members of the various boards & commissions including; Board of Finance, Board of Education, and Planning & Zoning Commission, are sworn in and getting to work. This time of year is particularly busy for our boards/commissions as we are preparing budgets for the next fiscal year, beginning July 1, 2020. Over the next several months, there will be many meetings and discussions regarding programs and services in Willington. These boards will have the difficult task of deciding how to provide for such services given the current economic status and a decline in State funding. This will all lead to a proposed budget to send to a budget referendum to be voted upon in May. If you are interested in any of the town services, such as parks & recreation, education, the library, etc. now is the time to reach out to the boards that oversee these programs and ask any questions or concerns you have. To have your voice heard and your input considered, making your views known early and often in the process is the best way to be involved.

Thank you in advance for helping our elected officials make the important decisions that will ultimately affect all of Willington’s residents.

Sincerely,

Erika G. Wiecenski, First Selectwoman

PA 490—Open Space:

At the Town Meeting held on December 2, 2019 the following PA-490 Open Space Ordinance was passed:

Each parcel of record, as recorded in the assessment records, shall be treated as separate parcel. No tacking or combination of separately assessed parcels shall be permitted to determine the eligibility of parcels for Open Space. Any residentially zoned parcel that exceeds 5 acres is eligible for treatment as Open Space for assessment purposes. No property for which the assessment is determined pursuant to Section 12-76 of the Connecticut General Statutes, as it may be amended from time to time, shall be eligible. The property owner must make application for Open Space assessment as provided in the Connecticut General Statute 12-107e, as it may be amended from time to time. Effective October 1, 2019.

This ordinance was necessary as it was determined after thorough research that no PA 490 Open Space ordinance was ever officially adopted as required by state statutes. If you are a property owner effected by this ordinance you will receive a letter from the Assessor’s Office detailing the change to your property assessment.

It was a beautiful day on November 26, with above-average temperatures and not a cloud in the sky, so many residents were taking advantage of the outdoor amenities at Button Hill Senior Housing. A couple sat outside on their private patio, enjoying the sunshine and an early-afternoon drink. Others walked along the sidewalks that traverse the wooded property.

Button Hill is a mixed-funding, 62-and-over community located off of Old Farms Road in Willington. The first residents moved into the development in August of 2017, so there has been time for neighbors to develop relationships and settle into the community.

Linda Sene is one of the newer residents at Button Hill but has already made friends there. She was drawn to the development for its quiet location. “It makes me happy because it reminds me of my grandparents’ place when they lived in North Franklin on a farm,” she said. Sene said that she enjoys her neighbors at Button Hill. “I enjoy talking to some of the people that live here,” she said. Sene said that she is constantly learning interesting facts about the histories and the families of her neighbors and is impressed with the knowledge they possess about a variety of subjects. With one neighbor she shares a passion for gardening. “She just knows so much about plants and flowers,” said Sene.

Another neighbor, she was delighted to learn, was married to a man who used to lead a swing band. “There are so many talented, interesting and gifted people who live here,” said Sene. “Just saying hello can lead to an incredible conversation.”

Sene said that many of her neighbors have been very generous, as well, sharing two-for-one items or produce from their gardens. One such neighbor is Francis Pippin, whom Sene spots walking past her apartment. “Let’s go outside and talk to Francis,” she says.

Pippin is temporarily using a walker while he regains his strength after a health setback. This has made him realize the importance of some of the accommodations available at Button Hill. Sidewalks are even and designed with easy mobility in mind. Bathrooms are large, so those using walkers or wheelchairs have an easier time navigating in them. Showers are all walk-in. And Pippin said he has recently discovered the convenience of the fold-down seat in his shower. “And the shower head height is adjustable, too, which really helps,” he said.

Pippin is an active, social guy, and especially enjoys bluegrass music. He appreciates the proximity of the Willington Senior Center, which is right across the parking lot from Button Hill. Last year they hosted a good bluegrass band, according to Pippin. And it’s not hard to get to other events of interest.

“It’s a good location,” said Pippin. “You’re accessible to everything. The highway is close by.”

Pippin said he appreciates the quiet, wooded location, and the open space available to residents. This year he was involved with community gardens located adjacent to the development, and produced a bumper crop of green beans outside of his own apartment, as well.

“He shared a lot of green beans with me,” said Sene.

Button Hill Senior Housing is located not far from the Willington Town Hall, on a wooded lot. The development has four different rent levels, based on income. Currently the lowest rent is $843, which includes all utilities except for internet, telephone and television. All units have a private entrance, large kitchen and living room area, large bathroom, private patio space, and one bedroom. Some units also have an additional den space. There are currently no vacancies, but applications are being accepted for all rent levels. For more information contact the property manager, Richard Gold, at 860-429-8777.

Winter bestows a whole new look on the parks and preserves that Willington is fortunate to have. The lack of foliage reveals a multitude of landscape features - waterways, stone walls, hill sides and other views not visible during the rest of the year. And don't let snow stop you from getting some healthy exercise on our great trails. Especially with a fresh snowfall, the forest landscape takes on a whole new perspective. You will be well rewarded. If the snow is deep enough, the Recreation Department has snowshoes to loan if you don't have your own and you'd like to try that experience. Much of the time, though, it isn't long after a snowfall that other enthusiastic snowshoers and hikers have packed the trails enough to not need snowshoes. Most of the trails are also cross-country skiable with the Taylor Trail being the most skier-friendly. Depending on your fitness and skill level, you may have to walk a section or two on the others. Make an effort to get out and take advantage of winter's beauty on any snowfall because although February and March can be quite wintry, they are also when spring begins to make its presence known and the landscape will be showing signs of coming to life again. As always, please be considerate of others and help us protect wildlife by keeping dogs on leashes.

The 300-acre Fenton-Ruby Park and Wildlife Preserve and Drobney Sanctuary on Moose Meadow Road has 4-plus miles of trails through woods, over ridges and along ponds and streams. A kiosk with maps is located at the parking area and a box with nature trail guides is located a short distance down the Taylor Trail. Trail maps are now located at all trail intersections to help orient you if there are no maps at the kiosk or if you choose not to carry a paper map. The Ashford Link Trail now connects the Fenton-Ruby system to a 1-mile loop trail on the Langhammer Preserve in Ashford. This .1-mile link, shown on the trail maps, runs from the Ruby Trail to Lustig Road with the Ashford trail immediately across the road.

The 28-acre Talmadge Tract, which contains the Talmadge Spur Trail with 1 ½ and 2-mile loops, will take you through scenic woodlands and along gravel Mason Road. This tract abuts the 400-acre UConn Moss Forest Tract, and on the other side of Mason Road is the 138-acre Royal Knowlton Preserve. Several miles of the Connecticut Blue Trail (Nipmuck) run through this area with a portion along the Fenton River as it flows through a deep ravine. The 3/4-mile Knowlton Spur Trail connects the Nipmuck Trail to the Talmadge Trail. Maps can usually be found at the sign at the Talmadge/Knowlton trailheads on Mason Road where there is now a parking area, and also at the sign where the Nipmuck crosses Mason Rd. Brochures and trail maps for both of these areas can also be found at the Town Clerk's office and the library. The same information is available for Fenton-Ruby on the Conservation Commission website (see below).

Joshua's Trust's Chenes Roches Preserve in north Willington also offers a great hike with many interesting landscape features. See a description under "Town Parks and Amenities".

If you are interested in taking an active part in helping the Town manage its environmental resources, the Commission has openings for two alternate members. Alternate members participate in meetings and may be seated as voting members in the absence of regular members. Anyone is welcome to attend our meetings in the lower level of the Town Office Building on the third Wednesday of every month. Contact Peter Andersen, Commission Chair, at 860-933-6380 or andersen108@sbcglobal.net, or Kathy Demers, Commission Vice-Chair, at 860-377-6416 or kdemers48@gmail.com for more information. Please visit the Conservation Commission website under "Boards and Commissions" on the Town of Willington home page, www.willingtonct.org, for information on conservation issues, programs and links to other websites.

Last, we would be happy to hear any comments you may have about your experiences regarding Willington’s outdoor resources.

Enjoy!
“Performance Update” By EC-CHAP

Happy New Year!

We are grateful for our members, volunteers, partners and patrons for all the support you have provided through the year. You continue to give EC-CHAP life, and the opportunity to continue to fulfill our purpose as your cultural center. Thank you.

We have a great line-up of performers joining us during the first quarter of the New Year, including returning talent and new performers at The Packing House. January brings back Blues artist Ramblin’ Dan Stevens. New to The Packing House will be Mark Mandeville & Raianne Richards who join returning artist Claudia Schmidt for an evening of original folk music. Belle of the Fall will return for their 7th performance on the first of February, and the month will conclude with a debut jazz performance by the Leala Cyr Quartet. March will include the return of NYC folk/indie artist Libby Johnson with more of her sweet heart-felt originals. We’ll wrap up the month with the traditional Blues and Americana sounds of Eric Sommer.

If you haven’t participated in our recurring monthly programs, please visit us each month for: “EC-CHAP Talent Showcase” (2nd Wednesday); “EC-CHAP Social Dance with Kelly Madenjian” (2nd Thursday); Monthly Information Exchange Meeting; and our Film Series (check website for details: www.thepackinghouse.us/upcoming).

The Packing House is located at The Mill Works, 156 River Road, Willington, CT 06279. Parking is free and located onsite and across the street. For questions, program or rental information and table reservations, please call 518-791-9474. Email EC-CHAP (info@ec-chap.org) or The Packing House (info@thepackinghouse.us).

Peace.

As we begin a new calendar year, we thought we would take this opportunity to look back to 2019 and the launch of EC-CHAP’s “Dye & Bleach House Community Gallery”. The Dye & Bleach House Community Gallery first became a reality at the First Sunday at The Mill Works open house on April 7, 2019.

Our purpose for creating this Community Gallery is to provide a platform for local and regional visual artists to display their original works for public viewing. We have established fixed weekly gallery hours, and offer participation at no cost to the displaying artist or the public. The duration of each showing is eight weeks. In exchange for participation, each artist volunteers to supervise the gallery during open hours based on a mutually acceptable schedule. This collaborative approach will allow us to create a cost-free model for art presentation where artists may assist with installation design and display their works, in addition to sharing in the monitoring of the Gallery.

EC-CHAP does not publicize pricing of any artwork, nor accepts compensation for any sales in the Dye & Bleach House Community Gallery. Each piece of art is identified by its maker and any public interest for purchase, commission work, follow-up showings, etc. is handled directly with the artist.

We wish to acknowledge the following artists that have participated and displayed their original works in the four shows during 2019:

“Gallery Debut” (Spring 2019): Scotty Opperman, John Starinovich, and Martha Ennis

“View” (Fall 2019): Vilnis Atrens, Diane Diederich, Penny Guerin, Arpita Kurdekar & Steve Schumacher

“Works of the Mill” (Winter 2019): Jack Broderick, Carol Mackiewicz and Tyler Hall

If you or someone you know is an artist at any level or stage in their practice and would be interested in displaying work in our Community Gallery, please contact EC-CHAP Artist in Residence and Gallery Director, Rebecca Zablocki at: communitygallery@ec-chap.org.

Changes for 2020
The time that the Society holds its monthly meetings has changed. The meetings will be held at 2 pm on the third Tuesday of the month. The change from early evening (7 pm) was made to make the meetings more convenient for our retired and older residents. Winter meetings are held at the Town Office Building, 40 Old Farms Rd.

We have a new website! The site came on-line last month with a new, fresh look for the Society. It was brought to life by our new webmaster Melanie Kucko, who would be happy to have additional help managing and developing our electronic footprint.

At The Tavern
Our next pending project, in order for the Society to more actively use the Glazier Tavern as a public space, centers around focusing on compliancy with present day building codes and ADA accessibility. To bring this to a positive conclusion we are presently working alongside the town's building and fire officials.

This year will be a time for developing a strategy to raise funds for this substantial undertaking for our 2019-2020 fiscal year. I would ask interested members of our Willington community to consider helping to develop this fundraising effort. Contact us!

During the winter months, Daleville Road through the State Forest, will not be receiving winter service.

Snow Removal Ordinance Volume 6, Page 81
Pursuant to Section 7-148(15), Connecticut General Statutes, use of Town roads is restricted as follows:

- No person shall deposit any snow or ice onto the traveled portion of any Town road. Any person found guilty of a violation of this section shall be fined fifty ($50) dollars by the Board of Selectman or the Public Works Director.

This includes the draining of water from sump pumps and/or other property drainage. Besides the Town fine, residents are also liable for damage to the road and any accidents that may occur as a result of water, ice or snow deposited on the roads.

Winter Parking Ban
A parking ban is in effect during snow storms. Cars parked on Town roads overnight may be towed at the owner’s expense. Tune to WFSB (CBS) or WVIT (NBC) for parking ban information.

Mailboxes
Your mailbox should be in good repair, firmly attached to a solid post and properly placed so no part of it is over the pavement. It will have to withstand countless tons of flying snow this winter and may require periodic maintenance. If a mailbox or post is pushed over or damaged as a result of snow or slush coming off a snowplow, it is considered a winter hazard and the Town will not repair or replace the mailbox or post. The height of the bottom of the mailbox to the street should be between 42” – 48” and the mailbox door should be 6 to 8 inches back from the front face of the curb or road edge. In the event a Town plow hits a mailbox, it will be repaired by the Public Works Department.

Portable Basketball Hoops
Portable basketball hoops and similar items should NOT be in the Town right-of-way. The Town is not responsible for damage done by plows to such items left in the Town right-of-way.

Catch Basins and Storm Inlets
Do not blow leaves into catch basins or storm inlets. Help minimize street flooding by blowing leaves or shoveling snow and ice from in front of the storm inlet nearest your house. This includes keeping catch basin grates free of leaves and other debris all year long!

Tax Collector
Property Tax Bill Reminders and Motor Vehicle Supplemental Bills have been mailed.

How can I pay My Bill?
The Revenue Office accepts cash, money orders or personal checks for payment at the office. If our office is closed, you can leave a check in our Drop Box outside the front door of the building. Our mailing address is 40 Old Farms Rd, Willington CT 06279 if you want to mail in a payment. Please enclose a self-addressed, stamped envelope, if you would like a receipt mailed back to you. You may also pay on line at www.willingtonct.org and click on “OnLine Payments” under the “Citizen Action Center”. There is a convenience fee of 2.95% for credit cards and $1.95 for EFT. We also have a public kiosk at Town Hall for on-line credit/debit card payments. The same fees apply.

Why did I get a motor vehicle tax bill in December?
This is your motor vehicle supplemental bill. This bill was generated because you were issued a new motor vehicle registration, or have transferred an existing registration, at some time after Oct. 1, 2018, but before Sept. 30, 2019. You are being billed only for the number of months from your registration date until the end of the assessment year.

When is my Payment Due? When is it considered late?
Payments due January 1, 2020 must be received, or postmarked, no later than Monday February 3, 2020. Interest is charged at a rate of 1 ½% per month from the due date, with a minimum interest charge of $2.00. Per §12-146, Interest cannot be waived.

WISHING EVERYONE a Healthy, Happy and Prosperous New Year!

Science Corner with Emily

Hello everyone! I hope your winter is off to a good start, I’m not sure if news has made its way through town yet but I have accepted a position with the North Central Conservation District working as a Natural Resource Scientist. Although I will miss working for the town I am very excited about the new position, but no need to worry; the Science Corner isn’t going anywhere!

The Universe

When I think about Earth’s history it is difficult to grasp the sheer time length in relation to how long we Homo sapiens have been walking the planet. While doing some research for this article I stumbled across a video by Science Insider titled “Putting the History of Earth into Perspective”. The video compares Earth’s 4.54 billion year history to the distance from Los Angeles to New York, 2,450 miles. The miles traveled equate to major events in Earth’s history such as the formation of our moon, five mass extinctions, advancement of species and fauna. The United State declared independence 243 years ago, in comparison to those 2,450 miles that is a mere 8.2 inches. I have yet to conclude if it’s fascinating or frightening to think our existence on this planet has been so brief. Regardless, it is difficult to understand what a billion years is when our lives are so short.

To delve even further in time, the Milky Way Galaxy is estimated to be 13.6 billion years old and the universe itself, approximately 13.8 billion. Astronomers and physicists use light (and many other tools) to study space. Knowing light travels nearly 186,000 miles per second or about 6 trillion miles in one year. They are able to analyze images captured on telescopes and accurately predict the distance and age of an object based on the length of time it takes the light and imagery to reach us.

Light beams can be used to not only predict the age of another planet, star, or galaxy but the shape of an object as well. Years of data suggest our Universe is a flat endless void, when a beam of photons is cast outward it continues in a straight line. A recent study published by an international team of astronomers based in the UK challenges this theory. The team is arguing that the Universe is actually curved and closed because of an effect called gravitational lensing. In simplistic terms, mass bends light. Gravitational fields of a large object will extend far into space and cause light rays passing by to bend and refocus. The team looked at imagery from a 2018 satellite and examined leftover electromagnetic radiation from the formation of the Universe by blocking out all other light sources. A strong gravitational lens was observed, stronger than there would be for a flat Universe. They concluded, with a 99 percent confidence coefficient, the only explanation for their findings pointed to a curved Universe.

Many astronomers and physicists challenged this theory stating evidence elsewhere points to a flat Universe but none have been able to come up with an explanation for the UK team’s findings. Debate still continues but at the very least this has given researchers another avenue to study and a new perspective to consider when trying to solve the many unknowns of what lies beyond our atmosphere.

Chenes Roches Preserve:
Chenes Roches (transl. oaks rocks) is a 56-acre wooded preserve in northeast Willington and owned by Joshua's Tract Conservation and Historic Trust. Trails wind through a varied terrain of hardwood forests, stands of pines and along a hemlock-shaded stream in a steep-sided valley. A round trip of 1.8 miles will take you across several small spring-fed streams and an altitude change of about 250 feet from the parking lot to the valley stream. A trail map and additional information about the preserve, including directions, can be found on the Joshua’s Trust website, joshuastrust.org. There is a kiosk with trail maps at the small parking area 500 feet past the south end of Laurel Drive.

Please stay on the trail and respect boundaries where the trail passes near private property.
